PROGRAM SCOPE OF COVERAGE: THE WYNN'S TITANIUM LIFETIME PROTECTION PROGRAM (PROGRAM) IS BETWEEN THE WARRANTY HOLDER (CONSUMER) AND ITW PROFESSIONAL AUTOMOTIVE PRODUCTS (A DIVISION OF ILLINOIS TOOL WORKS INC.) AND DOES NOT EXTEND ANY WARRANTIES PROVIDED BY ANY VEHICLE MANUFACTURER OR ANY OTHER WARRANTY PROVIDER. THIS PROGRAM IS EXCLUSIVE, IS IN LIEU OF ALL OTHER WARRANTIES AND WILL TAKE EFFECT AFTER THE OEM AND ALL OTHER WARRANTY COVERAGE EXPIRES. HOWEVER, ITW PROFESSIONAL AUTOMOTIVE PRODUCTS WILL PAY THE DEDUCTIBLE AMOUNT UNDER AN EXTENDED SERVICE CONTRACT PURCHASED BY CONSUMER SUBJECT TO THE TERMS AND CONDITIONS CONTAINED HEREIN. TO QUALIFY FOR COVERAGE AND COMPLY WITH THE TERMS OF THIS PROGRAM, THE CONSUMER MUST HAVE ONE OR MORE SERVICES PERFORMED TO THEIR VEHICLE WITHIN THE MAXIMUM SPECIFIED MILEAGE SERVICE INTERVALS DESCRIBED HEREIN AND AT A PROFESSIONAL SERVICE CENTER USING QUALIFYING WYNN'S PRODUCTS AND SERVICE EQUIPMENT.

All covered services referred to in this Program must be performed at an approved professional service center using Wynn's products, Wynn's service equipment and OEM specified fluids. The Consumer or any other individual may not change the oil or lubricants in the vehicle and may not perform their own services and maintain Program coverage. Program coverage begins 750 miles (1 200 km) after the initial qualifying Wynn's service, separately for each service area covered. Services must be performed within the maximum mileage service interval for Titanium Level. A grace period of 500 miles (800 km) will be extended to keep the Program active on Gold Level only. If coverage from a previous Service Chemical Warranty, Protection Plan or other approved Aftermarket Service Chemical Program exists, exclusive of OEM or other extended warranties, payout coverage under this Program will continue with respect to the two levels offered herein as determined by the vehicle mileage at the time of enrollment into previous program and provided that the vehicle has been maintained in accordance with the terms of the previous plan.

MINIMUM MILEAGE QUALIFICATION: An annual minimum of 5,000 miles (8 000 km) accumulation is required to initiate and maintain the Program coverage.

Coverage is only provided for legally registered passenger cars, vans, SUVs and pick-up trucks with a GVW of 14,000 lbs (6 350 kg) or less. Claims resulting from collision, fire, theft, vandalism, contamination of fluids, acts of God, war, misuse, abuse, riot, freezing, negligence, lack of required maintenance per vehicle manufacturer and Program requirements render this Program null and void. Pre-existing conditions and damage to system components prior to service are excluded, not covered under this Program and may be verified through independent parts analysis. This Program excludes the use of in-house maintenance or repair facilities. In case of a leased vehicle, the lessee must be primarily obligated for repairs and maintenance. If vehicle is used for towing a trailer, other vehicle or object, the covered vehicle must be equipped with a factory-installed tow package or equivalent.

COVERAGE & PAYMENTS: Failure of a covered part that is a direct result of a mechanical or structural flaw that the manufacturer acknowledges through any means, such as recall or factory service bulletins, or that the manufacturer will repair at its expense is not covered. State tax, local tax, storage fees, shop supplies, core charges and diagnosis are not covered. This Program includes coverage for certain consequential damages (up to the applicable maximum coverage amount) only to the extent that a failed component caused damage to occur or if certain repairs are necessary to complete the warranty repair. Payment of claims under this Program shall be limited to industry accepted labor times to make necessary repairs or to replace any irreparably damaged part as allocated by Mitchell's Flat Rate Guide or other industry accepted flat rate guides, at the commercial repair shops' posted hourly labor rate, along with the reasonable cost of replaced parts of like kind and quality. To maintain coverage under this Program, all receipts and repair orders for maintenance and qualified services must be furnished as required by this Program. Failure to furnish all necessary records will render coverage under this Program null and void. Rental vehicle costs incurred during repair of covered part(s) are not covered by this Program.
