NUMBER FIVE SPRAY

Wynn's® Number Five Spray is essential to your automotive, mechanical, industrial and home-based needs. This silicone-free multi-purpose lubricant is formulated to penetrate rust to free up locked parts and dissolve grease, tar, and sticker residue. Wynn's® Number Five Spray multi-purpose penetrating lubricant is designed for use on chains, hinges, locks, parts and tools. With an easy to apply spray nozzle this effective product protects metal parts and repels moisture, offering continued protection against future corrosion. Keep your tools productive, clean, rust free, and long lasting with this valuable product.
