## DOT 4 LV LOW VISCOSITY MOTOR VEHICLE BRAKE FLUID

Wynn's® Dot 4 LV Low Viscosity Motor Vehicle Brake Fluid is formulated to provide up to a 30% faster response time for vehicles with Electronic Stability Control, Traction Control and Anti-Lock Brakes. This product also provides superior brake fluid performance in cold temperatures. Use this exceptional product to resist absorption and retention of water, resulting in superior corrosion protection to keep your brakes functioning at their best. The percentage of hybrid and electric cars being purchased by vehicle owners is continually on the rise and Wynn's® Dot 4 LV Low Viscosity Motor Vehicle Brake Fluid works safely and effectively when used on these modern vehicles.

- ✓ Suitable for Electric/Hybrid Vehicles
