

FUEL

AIR INTAKE / INDUCTION FOAM

Wynn's Air Intake/Induction Foam is a foaming aerosol cleaner that removes carbon build-up and contaminants from the throttle body, throttle plate, intake valves and fuel injector tips. The Air Intake/Induction Foam is applied in short bursts through the throttle body to quickly and easily clean the entire air intake system. No wiping, brushing, or engine disassembly.

- ✓ Removes Carbon Build-Up on Throttle Plate, Throttle Body and Intake Valves
- ✓ Cleans Deposits on Fuel Injectors Tips
- ✓ Restores Proper Fuel/Air Mixture
- ✓ Reduces Emissions
- ✓ Oxygen Sensor Safe
